

Tube connector straight

DB 7 hinge - divisible

Article number: 510475

Date: 29-03-2024

Three versions of the re-usable divisible connector exist:

- Divisible tube connector straight
- Divisible tube connector straight with gas-block functionality
- Divisible tube connector end with end stop and gas-block functionality

All divisible connectors have high retention with the connected tube. Divisible tube connectors with gas-block functionality has a wide sealing range and offer also good retention on the cable.

ACE tube connectors comply to EN 50411-2-8:2009. Installation of the connector is performed without tooling.

Tube connector straight
DB 7 hinge - divisible

Product characteristics

Type	Straight
Tube outer diameter 1	7
Tube outer diameter 2	7
Way of locking	Clip
Tube material	HDPE
Length	68 mm
Outer diameter	26.7 mm
Material connector	Plastic
Netto Weight	22 g
Re-usable	Yes
Netto Weight (kg/m)	0.022

Application

Application	DB
-------------	----

Mechanical specification

Tensile load	175 N
Max. pressure	10 bar

Logistical specifications

Packing unit	30
Unit	piece(s)
