

## Tube connector gas-block end

# DB 7 tube hinge d:1.5 - 3.8 mm - divisible

Article number: 510460

Date: 28-03-2024

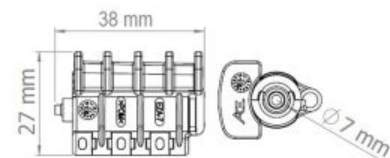

Three versions of the re-usable divisible connector exist:

- Divisible tube connector straight
- Divisible tube connector straight with gas-block functionality
- Divisible tube connector end with end stop and gas-block functionality

All divisible connectors have high retention with the connected tube. Divisible tube connectors with gas-block functionality has a wide sealing range and offer also good retention on the cable.

ACE tube connectors comply to EN 50411-2-8:2009. Installation of the connector is performed without tooling.

## Product characteristics

Type	Gas-block
Tube outer diameter 1	7
Way of locking	Clip
Bore	4 mm
Tube material	HDPE
Cable diameter (min..max)	1.5/3.8 mm
Length	37 mm
Outer diameter	26.7 mm
Material connector	Plastic
Netto Weight	12 g
Re-usable	Yes

1

Netto Weight (kg/m)	0.012
---------------------	-------

## Application

Application	DB
-------------	----

## Mechanical specification

Tensile load	175 N
Gastight	0.5 bar

## Logistical specifications

Packing unit	40
Unit	piece(s)
