

## Tube connector gas-block end

### DB 14 tube hinge d:4.6 - 7.4 mm - divisible

Article number: 510502

Date: 28-03-2024

Three versions of the re-usable divisible connector exist:

- Divisible tube connector straight
- Divisible tube connector straight with gas-block functionality
- Divisible tube connector end with end stop and gas-block functionality

All divisible connectors have high retention with the connected tube. Divisible tube connectors with gas-block functionality has a wide sealing range and offer also good retention on the cable.

ACE tube connectors comply to EN 50411-2-8:2009. Installation of the connector is performed without tooling.

DB 14 tube hinge d:4.6 - 7.4 mm - divisible

### Product characteristics

Type	Gas-block
Tube outer diameter 1	14
Way of locking	Clip
Tube material	HDPE
Cable diameter (min..max)	4.6/7.4 mm
Length	55 mm
Outer diameter	40 mm
Material connector	Plastic
Netto Weight	26 g
Re-usable	Yes
Netto Weight (kg/m)	0.026

## Application

Application	DB
-------------	----

## Mechanical specification

Tensile load	500 N
Gastight	0.5 bar

## Logistical specifications

Packing unit	20
Unit	piece(s)
