

3 mm Tube

ACE-DS-613521-v01-e

date : 02-07-2021

Product

The tube is a hollow hose with an outer diameter of 3mm. The inner diameter has a low frictional resistance, making it easy to insert fibers over a length of 2 meter.

Functionality

The tube is used when coiling a cable tube or fibers in the OWST high-riser building plug. For further explanation, refer to <https://www.tkftelecom.eu/613506.html>.

This tube is not part of the OWST kit. The product is available separately as item number 613521.

Specification

Material		PA
Inner diameter	[mm]	2.0
Outer diameter	[mm]	3.0
Color		translucent
Weight	[g/m]	4.8
Surface inner wall		smooth
Print		none

Logistics information

Product is delivered in a ring of 200 meter. The ring is packed in a zip-lock bag.
